warning. The vehicle was taken to the dealer. The technician diagnosed that the spark plugs needed to be replaced. The vehicle was repaired but the problem persisted. The manufacturer was not made aware of the failure.

### **Car Stall Problems of the 2006 Saturn ION**

Both fuel-air ratio problems and electrical issues can trigger firing foul-ups. Spark plugs covered with engine oil, ash or other deposits will misfire, as will plugs with partially melted electrodes. Black smoke from your tailpipe might point to spark problems, which can damage your engine, so check them as soon as possible.
