Excellent! The best test-prep book (in any subject) that I've come across so far. I used this book to study for the AP Biology exam without having taken AP Biology, or any other Biology course, and didn't start studying until the spring semester before the AP Biology Exam, but still managed to score a 5.

Great book, has everything you need to
pass the AP biology exam. This book
version is all you'll need. Don't spend
more money on the newer versions of
this book because this is just as good.
This was a good investment because it
helped me pass the exam with a 3, even
though I just SKIMMED over the book
once or twice.
